Hon. Danl M. Fox Esq.

Dear Sir.

No opportunity will be given me to speak to you before we leave for the vacation probably. and I want to entreat you to give me a remembrance during that time as a token of which I can have no better proof than an order for me to take my place in the Coining and not in the Adjusting Room on our return!

You can hardly realize

what a relief such an announcement would be to me.

If the question arises in your mind as to whether such pertinacity is seemly in a woman I would venture to remind you of why Ben. Butler Esq. is called the "Widow Butler" or at least how he obtained that sobriquet –

You will not let any of the lady members know please of my efforts. You see I will have less sympathy to endure if I am unsuccessful. Wishing you freedom from care and every pleasure

during vacation with a return in renewed health and spirits –

Very Respectfully,

Cecilia W. Root.
